# Introduction

Hello there,

This is Rick from [RelationshipBrew.com](http://RelationshipBrew.com). Thank you for subscribing to my newsletter.

I crafted the texts in this eBook to work at any stage of a relationship whether you recently met or are married.

Some are kinky and others simply cute and cuddly.

I saved **the best text for last at #10** as it succeeds in creating an emotional connection with your man. So, make sure you read them all.

But above all practice them.

You can send them as is or adjust them to your style.

All of them are designed to encourage him to engage in conversation with you without warming things up.

They also serve as tests to gauge how much he enjoys texting you or even how much he likes you (if you're in the earlier stage of the relationship).

Enjoy! Feel free to email me at [rick@relationshipbrew.com](mailto:rick@relationshipbrew.com)

# 10 Flirty Texts to Make His Jaw Drop

## Message #1: Explicit Imagery

*"Hold on babe. Just jumped out of the shower. Looking for my panties. They're around here somewhere."*

---

Reply to his lame, boring "What's up?" text to blow up his imagination. He'll forget everything he was doing and thinking and get super turned on envisioning your lovely naked body.

### Texting Keys

Take advantage of timing when you're really in the mood to flirt. Tease him when he least expects it and is unavailable to talk too long.

## Message #2: Curiosity Tease

*"Guess what I'm thinking about right now handsome ... yum. LOL"*

---

Drop this playful and unexpected text bomb to make him want to leap through the phone.

### Texting Keys

Lead with curiosity and leave out details. Make him chase and ask for the rest of the text.

### Message #3: Too Bad, Too Sad

*"Busy I bet, right? I'll just touch myself on the bed while I wait for you"*

---

Another mind-boggling, heart-bursting text. Make him daydream about you until he can't stand it. He'll think about you all day. Don't be afraid to get super flirty.

### Texting Keys

Practice using visual imagery to make his imagination wander.

## Message #4: Mystery

*"I can't stop thinking about... 😊"*

A photograph of a young man and woman embracing outdoors. The woman has curly hair and is smiling, with her hand near her face. The man is behind her, also smiling. The image is overlaid with a semi-transparent purple filter.

Make him squirm wondering what you're referring to. Wait for him to reply before continuing the conversation.

### Texting Keys

Mystery is another key to successful flirty texting. Let him run through a list of possibilities in his mind before he gives up guessing.

## Message #5: Observations

*"I noticed something about you  
and now I can't stop smiling."*

---

More mystery. It must be something good if it makes you smile. He's dying to find out.

### Texting Keys

Everyone loves recognition, especially when it makes them feel attractive.

## Message #6: Flirty Test

*"If I guess what you're thinking about, what prize do I win?"*

---

Make texting fun. He should look forward to it. Here is a way to play with him. It encourages him to engage and tease you back. If he has already shown interest and flirted with you then text, "***I bet you're thinking about taking me out this Friday,***" or "***I bet you're dreaming of kissing me.***" I'd love to hear what prize he has in store for you too.

### Texting Keys

Tease and test him. Make it irresistible to reply to your texts. Plus, gauge his interest in you. Does he play back? If he does that it means he really likes you.

### Message #7: Flirty Assumption

*"Hey, stop thinking about me. LOL  
XXOO"*

---

Who doesn't find courage and confidence attractive? No one. We all like it, of course. Tease him and make it easy for him to tease back.

### Texting Keys

Assume that he likes you. Lighten things up. When you show confidence it makes it easier to engage because it removes awkwardness. He sees that you're strong and can take a joke.

### Message #8: Flirty Jump Start

*"If I kissed your cheek in the dark, would you man up and kiss back or blush?"*

---

Show him your bold side and, once again, put him on the defense in a playful way.

### Texting Keys

Find ways to creatively put him to the test while also gauging how much he likes you. It's also a quick and easy way to jump start a flirty conversation.

## Message #9: Flirty Negotiations

*"If you're lucky I might just send you a pic if you send me one."*

---

This can be one innocent pic in return for another. Or depending on what you want and where your relationship stands it can be one kinky pic in return for another.

### Texting Keys

Hopefully he doesn't fear making a move on you, but maybe he needs a nudge. Asking to make a trade in a cute flirty way makes it easy for him if he's shy.

## Message #10: True Connection

*"Do you know what I admire about you most handsome?"*

Of all the texts in this eBook, this by far is the most powerful at creating a true emotional connection. Who doesn't want to be admired for one of their best qualities?

### Texting Keys

Follow the three "A's" to make a deep connection with a man: **admiration** (*his personality traits and character qualities*), **appreciation** (*how he treats you*), **acknowledgment** (*point out his successes*)
